

Hi everybody!!! It's me, Sparky, and I haven't talked to my friends lately, so I thought I would say hello! woof woof!! Things have been busy all year. My dad bought a new home and he has been working hard to make it a fun place for my brother Rocky and me.

We even have our own room but we still sleep with dad. It has a big open field for me too run all day. I even took dad on a 45 minute run to catch me, just laughing at him all the way and when he got tired I finally ran back home. WOOF WOOF. That was fun.

He met a new friend named Lizzy and she likes me a lot. WOOF! I still get a lot of request for pics so I am enclosing a few. I miss all my friends at APR and wish I could see them every day.

My one year anniversary is coming up soon on July 26th when I got hurt and I hope everybody will think of me and my friends that need good homes from APR. Just go visit and you will find a friend of mine that needs and deserves a G OOD home to enjoy with a loving family. Just go see Betsey and Carolyn (my mom) and they will help you find the perfect dog for you. Oh! Don't forget the kitties too. They need good homes too!

Well, it is time to go and I love all of you. My paws are getting tired. hope you like my pics!!!
