

WOOF!

Hi everybody! Just wanted to say a quick WOOF WOOF to all my friends at Atlanta Pet Rescue and Paces Ferry Veterinary Clinic. Sunday will be my birthday and I wouldn't be able to celebrate it if it wasn't for you wonderful people that took care of me on that awful day 2 yrs ago. I often think about why that happened to me and can never come up with any reasons except that I am in a much better place now. I do remember lying on the doctors table and everybody working on me and thinking to myself "if these people care enough to try and save my life, I have to fight to live" and so I wagged my tail. I then became "SPARKY" and the rest was history. I always think about my good friends, Judy Price, Betsey, Carolyn (my mom), Dr. Merritt and their staff. I also know without them and the wonderful people all over the United States that sent money to help with my bills, I would not be here today! WOOF WOOF! I now have a BIG family! I have my Dad "Chip" and his 2 cousins "Susy & Chris" and my brothers "Rocky" and "Harley" and 2 cats "Ti" and "Alex". I don't mess with the cats! They are "ATTACK CATS!" I woof at "Harley" to stay away from them but he keeps going back for more. "Rocky" just turned 15 and he just lies around and enjoys life. "Harley" and I can really get into some good wrestling in the house and that is a lot of fun! My life is now complete and I hope all of the animals at APR and Paces Ferry find good homes, and live long happy lives as I am doing now. I am enclosing a couple of pictures to show my four legged family members. Thanks again everybody for everything you have done for me and you will always be in my "DOG DREAMS AND PRAYERS"!

WOOF WOOF!!

Sparky :-P
